

PRINCE2® Foundation in English – INCLUDING EXAMINATION

3 DAYS OR 6 EVENINGS

Almost all organizations work on project basis from time to time. The PRINCE2 methodology is an internationally recognized project management approach. ICM offers you the knowledge and skills required for the PRINCE2 methodology in the English language, which is the language of communication of PRINCE2. This training course in English is ideal for project managers who work or would like to work in an international environment.

Our certified PRINCE2 trainers teach you how to manage projects in a professional way and in the English language. The knowledge acquired is tested in the PRINCE2 Foundation examination. The certificate that can be obtained offers plenty of opportunities for furthering your professional and international career and developing your project management skills.

Result

- You learn how to manage projects according to the PRINCE2 methodology and in the English language
- You are able to use the English terminology of the PRINCE2 methodology
- You become familiar with the working principles of PRINCE2
- You can distinguish between and name the PRINCE2 processes and techniques
- You are able to work on a project according to the PRINCE2 methodology
- You can apply the PRINCE2 methodology to projects within your own organization
- You prepare for the PRINCE2 Foundation examination, which you take during the course

Target group

You are a project worker or (prospective) project manager. You already have some experience with projects and would like to prepare yourself for working with the PRINCE2 methodology. You work or have the ambition to work in an international environment in which English is the language of communication.

Prior education

You have at least a higher education level of practical and intellectual ability and should preferably have some project experience. Involvement in projects currently taking place within your own organization is also useful. You speak good English.

Method of study

During the course the focus is placed on working on projects according to the PRINCE2 methodology. The course familiarizes you with this methodology through theory, exercises and group discussions. An entire project is simulated and tackled. An experienced project manager with broad practical experience with the PRINCE2 methodology provides supervision and prepares you for the PRINCE2 Foundation examination, which is held in English. You take this examination on the last day of the course. ICM is renowned for having a very high pass rate for the PRINCE2 Foundation examination.

Lesson preparation

Each lesson requires approximately 4 to 6 hours of preparation.
