Study method

Intake

Prior to the course, you are asked to fill in an intake form including questions regarding your personal work situation. These questions help you formulate your learning objectives.

Experienced facilitators

The entire course is interactive and supervised by an expert with broad experience in the applications of the Lean Six Sigma methodology.

Blended learning

At ICM we believe in blended learning, where individual online learning and learning as a group is combined. By gaining knowledge in advance, there is more time during a session to learn from each other.

Meetings

During the course, working according to the Lean Six Sigma methodology is central. Through theory, exercises and interaction in the meetings and in the online learning environment, you will become familiar with the subject matter.

Assignment

In the online learning environment, you will work on assignments together with your fellow students and exchange experiences.

ICM-certificate

After completing the course, you will receive your ICM certificate.

Locations & date

The course is comprised of 2 meetings spread over a period of 1 month. Course times are 9.30 to 16.30. This course can also be followed completely online via the virtual classroom.

The training is provided in Amsterdam, Arnhem, Breda, Den Bosch, Den Haag, Eindhoven, Groningen, Online Virtual Classroom, Rotterdam, Utrecht and Zwolle.

Dec 2026	We 09-12	We 06-01
Feb 2027	Mo 01-02	Mo 01-03
