

IPMA D in English

Enhance your CV with an internationally recognised level of quality and experience.

Ongoing projects are continually changing and require project managers to adapt their approach accordingly. Project managers are successful when they apply the right competencies for the project. IPMA certification is the standard for project managers to develop the required competencies to ensure projects are successful. IPMA D is the track for the novice project manager or the more experienced project employee who needs theoretical underpinning. IPMA D offers excellent opportunities for advancement in project management and in your professional career.

Features

Study duration	3 months
Investment	€1,995.-
Number of locations	13

Unique benefits

- Leadership, team building, and communication
- Time and money in projects
- Planning methods such as CPM, PERT, and Gantt Work Breakdown Structure
- Project Analysis (Earned Value Analysis)
- Progress monitoring and control
- Budgeting and financing
- Case studies and examples
- Exam training

Study method

Intake

Prior to the training, you complete an intake form, answering a number of questions about your specific personal situation. These questions will help you clearly define your development goal.

Theory and Competencies

This course covers the basics of project management and the associated competencies. The theory does not follow the order of the book, but is a mix of professional, context-specific and behavioural competencies as experienced in the workplace.

Experienced trainer

The training is provided by an experienced project manager with broad practical experience in IPMA requirements.

Exam Preparation

Because you can study the theory beforehand (through a video series and the book), the meetings provide an additional opportunity for practice-based learning. You will work on group and individual assignments focused on your practical situation, among other things.

Locations & date

ICM provides IPMA D as a day course spread over a period of 3 months. The day course consists of a total of 3 classroom sessions from 9:30 a.m. to 4:30 p.m.

The course takes place in December 2026, March 2027, May 2027, October 2027, December 2027 and March 2028.
